NEW CERTIFICATE IV PATHWAY PROGRAMS IN AGEING SUPPORT AND COMMUNITY SERVICES

Starting in 2017, the University of Wollongong (UOW) Southern Highlands Campus and TAFE NSW Illawarra will be offering the UOW Pathway Program to provide career training and a platform to further study in the Southern Highlands.

UOW Pathway Program allows students to complete a nationally accredited Certificate IV program with TAFE, while at the same time completing a UOW subject which provides the academic skills required for successful transition to university.

The program is run jointly at the TAFE NSW Illawarra Moss Vale and the co-located UOW Southern Highlands campus, in Kirkham Street, Moss Vale.

Students completing this Pathway Program have a guaranteed entry into a Bachelor degree in Arts (including the Community, Culture & Environment major), Business or Commerce at UOW Southern Highlands, and may be considered for entry to other relevant degrees offered at the Wollongong campus.

The Certificate IV modules are taught by staff at TAFE, while the transition modules are delivered by university staff, and address the academic skills required for success in the university environment, as well as providing career guidance workshops and access to UOW student resources.

Students are also eligible to apply for program sponsorship.

From 2017, the following Certificate IV programs will be offered:

- CHC43015 Certificate IV in Ageing Support
- CHC40708 Certificate IV in Community Services Work
